DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 21,25,26,41,43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

What is meant by the following phrases which are recited in the claims?

- a) "applying to said surfaces a solution containing a surfactant, or by atomizing or fumigation into the ambient air a biocidal amount of at least about 0.1% iodine" etc.

Question: Can method be carried out with just a surfactant?

- b) "and for combining with ambient NH₃ -2 to 3, all parts by weight."

Problem: Phrase is very unclear. Examiner does not understand how this phrase fits into the claim.

Claims 4,9,10,12 are allowable. Prior art does not teach or suggest the instant invention comprising the instant amount of HI.
